Business Plan

The following questions were established to put you into a "business" mindset regarding your project area. When you answer them think about how this is going to help you reach your goal.

1. Why are you choosing this project area? Have you chosen this in the past?

2. How will you manage your project? What is your estimated timeline of completion?
3. What do you plan to do with any profit from this project? Will you reinvest it into a future project?
4. What new skills are you hoping to learn from this project?

COSIGNER AGREEMENT OF PARENT/GUARDIAN:

As Cosigner, I hereby certify that I am aware of and have approved the project described in the Application and Agreement. I acknowledge that this loan will assist my child in completing a valuable learning experience and that the assistance constitutes consideration sufficient to bind me under this Agreement. In the event of nonpayment or other default under the Agreement, I agree to repay the total loan amount plus costs of collection, including actual attorney fees. I further agree that, in signing this Agreement, this certification is an enforceable agreement under the laws of the State of Michigan.

You are being asked to guarantee this debt. Think carefully before you do. If the borrower doesn't pay the debt, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.

You may have to pay up to the full amount of the debt if the borrower does not pay. You may also have to pay late fees or collection costs, which increase this amount.

The creditor can collect this debt from you without first trying to collect from the borrower. The creditor can use the same collection methods against you that can be used against the borrower, such as suing you, garnishing your wages, etc. If this debt is ever in default, that fact may become a part of your credit record.
